KNOW YOUR RULES

Please keep your sites tidy

Individual site members are responsible for keeping their sites tidy and in a good state of repair! Sites where shade cloth is hanging in tatters for example need to be repaired. Management will inspect all sites from time to time and contact members where attention is needed.

If the a site is not rectified within a reasonable time the club will provide a quote for having the site rectified and the cost will be added tot the members account.

CLUB MATTERS

Keep clear of Stoffel !!!!

Stoffel the Black wildebeest has been living on TCC's grounds for a number of months without incident but with the coming of the mating season has begun showing an unacceptable degree of aggression towards club members. He has also started roaming a much bigger portion of the grounds no longer keeping to the foreshore area. **He is a wild animal and extremely dangerous!** Please keep well away from him and warn your children to do so as well. Steps are being taken to remove Stoffel from the club.
